WHAT PEOPLE ARE SAYING

Micheal,

I wanted to say thank you for sending me the thumb break holster that you made for my glock 19X that I carry while in plain clothes.

As always, I was not disappointed. The fit and finish is exactly like the thumb break holster you made me for my Sig P365 that I carry off duty.

I counted my Michael Kole holsters today, 13 is the total holsters and 14 magazine pouches. That number does not include the beautiful custom engraved holster that I had you make for my son in law when he started for Arapahoe County.

I have thousands of dollars worth of lesser quality, but more expensive holsters in a box, none of them ever get used since I bought my first of many holsters from you. Thanks again for making the best holster at any price. Your holsters save my back!
